I checked in with Sen. Feinstein's office and they were fine with me including Sen. Padilla's office. I went ahead and added Sen. Padilla's staffers to our calendar invite, but they have not confirmed yet. I will keep you all posted if/when they confirm.

Have a great weekend!

That all sounds good, Enrique. Thank you.

Ok thanks Jeff. We will do our best to contact Senator Feinstein's office this late in the day for the east coast folks. If we can't get them live today, I have recommended to our congressional liaison to simply schedule a separate briefing for Senator Padilla's staff later in the week.

I hope you all are ok with that approach.

Enrique, Thank you for all of this information. We've spoken internally, and we agree with the approach you recommend.

Until we speak,

NOAA Colleagues:

Please see below exchanges with Senator Padilla's office who has expressed an interest in a briefing on the deep ocean disposal sites as well as the Montrose Superfund site.

With your concurrence, I would recommend our EPA congressional office contact senator feinstein's office to alert them to Senator Padilla's staff's request and recommend we extend an invite to Senator Padilla's staff.

If you agree, we would also clarify that Monday's briefing would focus on the deep ocean disposal issue and we could arrange a separate briefing in the near future for Senator Padilla's staff on the inland Montrose site and near shore Palos Verdes site.

Please let us know your thoughts on my recommend approach.

Thoughts on extending an invite to Senator Padilla's office on Monday?

Hi Sonam,

See the request below from Senator Padilla's office. Can the region help with this request?

Thanks.

Relatedly, we're hoping the briefing can cover the DDT barrel dump site that was found off the coast of Catalina. Thank you!

Hi Radha, happy Friday! We wanted to reach out to request a briefing on the Montrose Chemical superfund site in LA. Is that something you can facilitate? Thanks so much.
